OHIO JUDICIAL CONFERENCE FACT SHEET

THE OJC IS AN INTEGRAL PART OF THE JUDICIAL BRANCH OF GOVERNMENT.

With every sitting judge in Ohio in its membership, the Ohio Judicial Conference is *the* voice of Ohio's judges. The Conference is organized into 20 working committees that review statutes, legislation, and court rules, and make recommendations aimed at improving the administration of justice. The Conference provides critical analysis of legislative initiatives and makes suggestions for reform and modernization through its legislative platform. The Conference publishes reports, impact statements, enactment news, policy statements, model rules, bench books, resource guides, and newsletters, and writes the Ohio Jury Instructions. The Conference advances judicial and legal education through continuing legal education events in collaboration with the Ohio Judicial College and Ohio State Bar Association.

THE OJC GIVES YOUR LOCAL JUDGES A FORUM, A RESOURCE, AND A VOICE.

The members of the Judicial Conference are kept apprised of legislative developments that impact court administration, criminal, civil, traffic, probate, domestic relations, and juvenile law. The Conference enables judges, who often have divergent opinions individually, to build consensus and speak with one voice. It acts as a forum for them to review and render opinions on the construction and effect of legislation, rules proposals, and other initiatives, and to suggest statutory and rule changes to address problems plaguing the administration of justice. It provides a meaningful way for judges to maintain effective communications with their colleagues, learn about changes in the law, and share ideas for implementation in Ohio's diverse communities.

THE OJC PROVIDES LEGISLATORS INSIGHT, INFORMATION, AND ANALYSIS.

Judges solemnly respect the distinct and separate roles of the legislature, judiciary, and executive branches of government. The Ohio Judicial Conference was statutorily created to serve the Ohio Legislature by providing insight into proposed legislation that could impact courts. The Conference strives to be a resource to the members of the General Assembly. All legislators have access to the Ohio Judicial Conference as a source of judicial feedback, research, and recommendations. Judges are in a unique position to provide early insight and perspectives on the practical impact of changes in the law that will help to avoid unintended consequences and protracted litigation. The combined experience of the Conference's judges give legislators insight that otherwise might be overlooked, to the detriment of the legislative process and the uniform administration of justice.

THE OJC HELPS TO INSTILL PUBLIC CONFIDENCE IN THE JUDICIARY.

Public confidence in the judiciary is one of the priorities of the Ohio Judicial Conference. When the Conference reviews bills, a significant and practical focus is how that bill will impact the public's access to the courts, their ability to obtain justice, and their right to be treated fairly under the law. Another of the Conference's priorities is to provide the General Assembly with insight on how legislation impacts court caseload and workload, insight that helps control the costs to the public of operating Ohio's courts.
